### **ABSTRACT**

A hospital database management system keeps track of all doctors and patients associated with the facility and is controlled by the admin. The patient, doctor, and admin logins are available on the dashboard. Patients can register before they log in and can edit their info in the future. Patients can also use the platform to schedule an appointment with a doctor of their choice, and doctors can write prescriptions for them. Patients can also provide comments, which will be collected by the administrative staff. Admin has access to all available doctors and their appointments, as well as the power to add and delete doctors. Admin can view the feedback given by the patients as well as by doctors. Doctors can view their profile and their respective appointments with the Patients.

The patient can directly log in once the registration is completed:

Patient Home page:

A screenshot of a Microsoft Edge browser window titled "Patient Dashboard". The URL in the address bar is "localhost/hospital/patient-dashboard.php". The page features a sidebar on the left with links: "Home Page", "Profile", "Book Appointment", "Appointments", "Feedback", and "Logout". The main content area has a title "Hello, Patient!" and a message: "Not feeling well? Book an appointment! Reach out to us to share your concerns. Keep a track of your appointments and profile." Below this, there is a small message "Have a good day!". At the bottom of the main content area is a cartoon illustration of a person in a wheelchair using a laptop, interacting with two other people at a reception desk. The browser's status bar at the bottom shows the date and time as "27-04-2022 21:18".

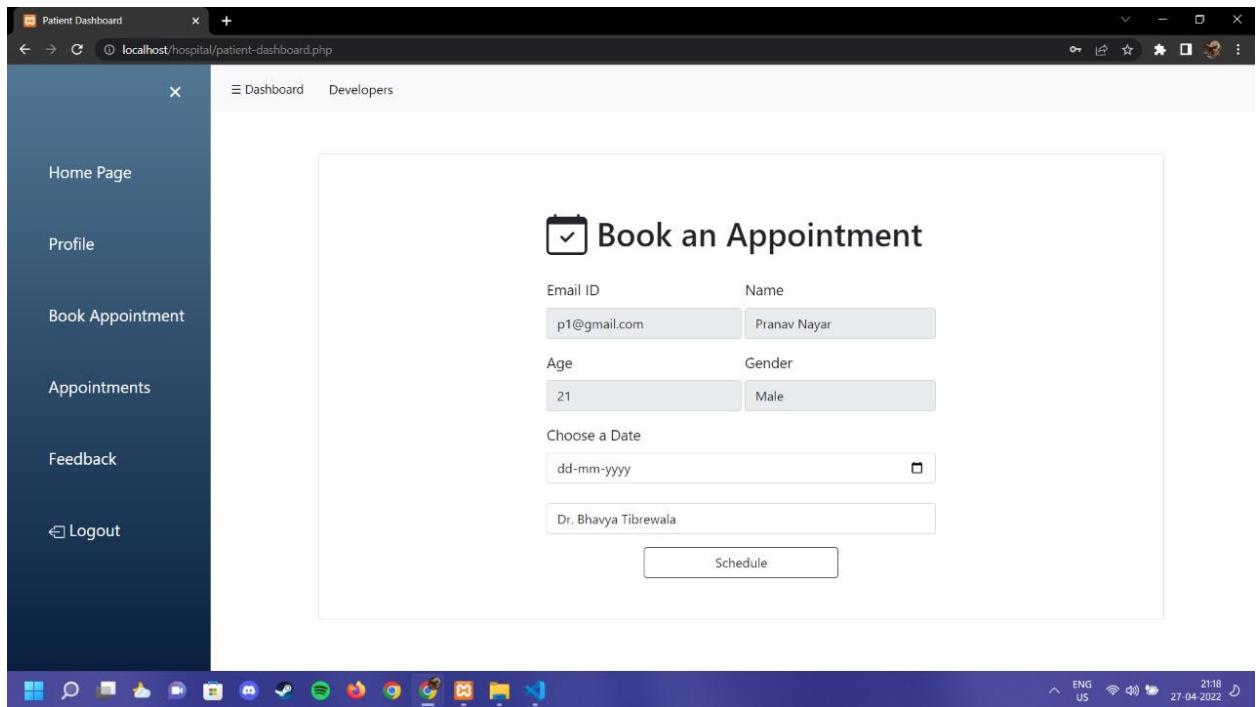

## Patient's Profile:

The screenshot shows a web browser window titled "Patient Dashboard" with the URL "localhost/hospital/patient-dashboard.php". The interface has a dark blue sidebar on the left containing links: "Home Page", "Profile", "Book Appointment", "Appointments", "Feedback", and "Logout". The main content area features a "Your Profile" tab and an "Edit Details" tab. Below these tabs is a stylized illustration of a doctor and a patient. To the right of the illustration, the text "PATIENT ID: 1001" is displayed. Further down, the patient's name "Pranav Nayar" is listed along with the age "21 years" and gender "Male". Below this information are three contact details: "Blood Group: B+", "Email ID: p1@gmail.com", and "Contact Number: +845234562". The bottom status bar of the browser shows various icons and the date "27-04-2022".

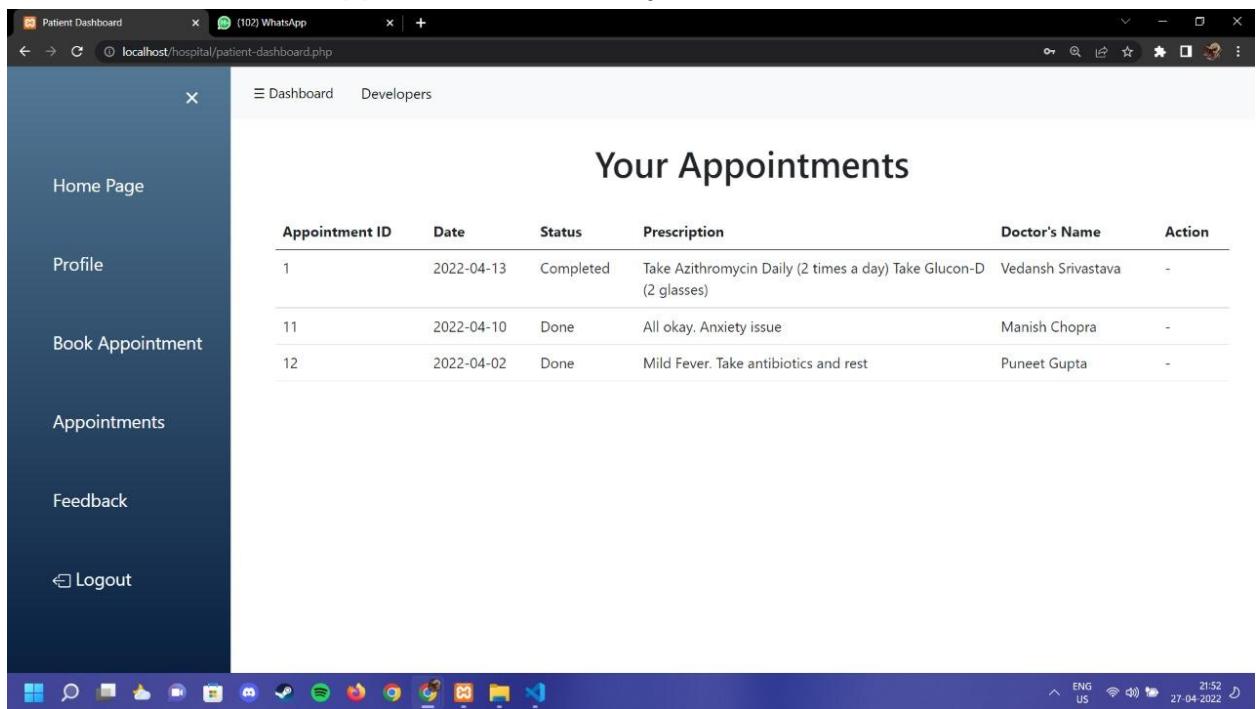

## Patient can edit his/her profile:

The screenshot shows the same "Patient Dashboard" window, but the "Edit Details" tab is now active. A modal dialog box titled "Edit your profile" is centered on the page. Inside the dialog, there are input fields for "Email ID" (containing "p1@gmail.com"), "Password" (containing "....."), "First Name" (containing "Pranav"), "Last Name" (containing "Nayar"), "Age" (containing "21"), "Blood Group" (containing "B+"), "Gender" (containing "Male"), and "Contact Number" (containing "845234562"). At the bottom of the dialog is a single "Update" button. The rest of the page, including the sidebar and other tabs, remains visible.

The screenshot shows a web browser window titled "Doctor Dashboard" with the URL "localhost/hospital/doctor-dashboard.php". The interface has a dark sidebar on the left with options: "Home Page", "Profile", "Appointments", "Feedback", and "Logout". The main content area features a large blue background with the text "Hello, Doctor!" and a sub-instruction "Keep a track of your patients and appointments. Provide your valuable feedback whenever necessary.". Below this is a cartoon illustration of a doctor in white scrubs and a stethoscope around their neck, standing next to a small child sitting on a table. A small text box in the bottom right corner says "BITS-WIFI Internet access". The Windows taskbar at the bottom shows various application icons.

## Doctor's profile:

The screenshot shows the same "Doctor Dashboard" window. The sidebar now shows "Your Profile" instead of "Home Page". The main content area displays a profile for "Dr. Vedansh Srivastava", aged 40 years. It includes a cartoon illustration of the doctor sitting at a desk with a clipboard. To the right, there is contact information ("Email ID: d1@gmail.com" and "Contact Number: +918081452554"), a section for "Specializations" (listing "Cardiology", "Dentist", and "Gynae"), and a "Consultancy Fees" section indicating "Rs. 1000". The Windows taskbar at the bottom is visible.

The Doctor can view the patients appointed to him:

Admin can add a new doctor to the hospital:

The screenshot shows a web browser window titled "Admin Panel" with the URL "localhost/hospital/admin-dashboard.php". The main content area is titled "Doctor Registration Panel". On the left, there is a vertical sidebar with navigation links: Home Page, Patients, Doctors, Appointments, Manage Doctor, Feedbacks, and Logout. The "Doctors" link is currently selected. The main content area has three tabs: Register a Doctor (selected), Remove a Doctor, and Modify Doctor Details. The "Register a Doctor" tab is active, showing a form with fields for Doctor's Email ID, Password, First Name, Last Name, Age, Consultancy Fees, Contact Number, Specialization(s), and a "Register Doctor" button. The "Specialization(s)" field contains a dropdown menu with options: Allergy and Immunology, Anesthesiology, Dermatology, and Cardiology.

## Admin can remove a doctor:

The screenshot shows a Windows desktop environment with a browser window titled "Admin Panel" open to "localhost/hospital/admin-dashboard.php". The left sidebar menu includes "Home Page", "Patients", "Doctors", "Appointments", "Manage Doctor", "Feedbacks", and "Logout". The main content area has tabs for "Dashboard" and "Developers", with "Remove a Doctor" selected. A form field labeled "Doctor's Email ID" contains a placeholder "Enter Email ID". Below it is a "Remove" button. To the right is a decorative illustration of a person on a ladder painting a picture on a wall. The taskbar at the bottom shows various application icons, and the system tray indicates the date and time as 27-04-2022 21:16.

## Admin can modify the details of a doctor:

The screenshot shows the same Windows desktop environment and browser setup as the previous one. The "Modify Doctor Details" tab is now selected. The "Doctor's Email ID" field is empty, and below it is a "Review Registration Form" button. To the right is a decorative illustration of a brain composed of interconnected gears, each containing a person icon in different colors (blue, red, orange, green). The taskbar and system tray remain the same, showing the date and time as 27-04-2022 21:16.

Admin can view the feedback received from both patients and doctors:

The screenshot shows a Windows desktop environment with a browser window titled "Admin Panel" displaying the URL "localhost/hospital/admin-dashboard.php". The browser interface includes standard controls like back, forward, and search. The main content area is a dashboard titled "Feedbacks Received". On the left, a sidebar menu lists "Home Page", "Patients", "Doctors", "Appointments", "Manage Doctor", "Feedbacks", and "Logout". The main content area displays two feedback entries in separate boxes.
